Datasheet

- These five multifunction A3 systems cover all needs of modern offices. Whether you need to print, scan, copy or fax the e-STUDIO5O7 series does it all.
- Excellent output quality combined with a large variety of finishing options let you create impressive documents.
- Data security is an important issue. All five systems in this series are equipped with a Toshiba Secure HDD, which ensures state-of-the-art data protection.
- We believe that sophisticated technology has to be easy to use if you want to be able to benefit from it. Toshiba's human-centric approach allows intuitive usage and simplifies complex tasks.
- Optimised power consumption and a design which meets the highest environmental standards, help you save valuable resources.

The e-STUDIO507 series consists of five impressive monochrome systems with print speeds ranging between 25 and 50 pages per minute. All five systems are true all-rounders which offer you print, scan, copy and fax functionality.

Enjoy the excellent quality prints and colour scans, which you can rely on even for high-volume jobs. But the e-STUDIO507 series offers more than just excellent document output. All systems support complex workflow tools and help you optimise your processes.

Like all Toshiba products the five systems were designed to comply with leading environmental standards. Built-in standard features such as energy save modes or duplex printing, not only help save natural resources, but directly convert into saving money.
